RFCS Summit 2022 – Coal Day
DG Research & Innovation, European Commission, and European Research Executive Agency
CCAB Brussels/online, 22 March 2022

Draft Agenda
Moderated by Geoff Meade, journalist/EU affairs commentator

8:30 Welcome and registration
9:00 Introduction
Paul WEBB, Head of ‘Green Europe’ Department, REA
Rosalinde van der Vlies, Director ‘Clean Planet’, DG Research & Innovation, EC

9:15 Keynote session
Nicola De Michelis, Director ‘Smart & Sustainable Growth’, DG Regional & Urban Policy, EC
Vladimír Budinský, President, EURACOAL
Oliver Then, Executive Managing Director, VGB PowerTech

Interactive Q&A

10:15 RFCS coal projects that have supported and promoted the European Green Deal
Debo Adams, International Centre for Sustainable Carbon (CoalTech2051)
Adolf Aumüller, VGB PowerTech (GreenDEALCO2)
Salvador Ordóñez, University of Oviedo (METHENERGY PLUS)
Christos Roumpos, Public Power Corporation of Greece S.A. (SUMAD)
Alicja Krzemień, GIG Research (RECOVERY)
Barbara Rogosz, Poltegor-Institut (RAFF)
Juergen Karl, University of Erlangen-Nuremberg (i3upgrade)

11:00 Coffee break

Speakers list – coal session

Moderator
Geoff MEADE
Journalist

Paul WEBB
Head of Departement B ‘Green Europe’, REA

Rosalinde VAN DER VLIES
Director RTD C ‘Clean Planet’, EC

Nicola DE MICHELIS
Director REGIO.G ‘Smart and Sustainable Growth and Programme Implementation’, EC

Vladimir BUDINSKÝ
President, EURACOAL

Oliver THEN
Executive Managing Director, VGB PowerTech and VGB Research Foundation

Geoff Meade is a journalist with over 40 years’ experience of covering EU affairs, and an experienced speaker and moderator of conferences on EU issues. He is the former Europe Editor of the Press Association, the UK and Ireland’s national news agency, and regularly broadcasts on radio and television. As well as reporting on every aspect of the EU’s activities for 35 years, he is also a well-known columnist who has featured in many Brussels-based publications.

The Department in the European Research Executive Agency is responsible for the implementation of the Research Fund for Coal and Steel - RFCS, Horizon Europe cluster 6, and the agricultural promotion programme. Previously he held different posts in the European Commission in DG Research and Innovation, notably as Head of Unit for Budget and for financial management in DG Budget and DG Agriculture.

Before her appointment as Director, she was the Head of Coordination & Interinstitutional Relations Unit, and acting Head of Communication & Citizens Unit. Previously she held positions in Directorate-General Environment, Directorate-General Justice and Home Affairs, and in the private office of Janez Potočnik, the European Commissioner for the environment. Before joining the European Commission, she worked as a competition lawyer in an international law firm in Brussels and was a part-time teacher at the Catholic University in Brussels.

In DG REGIO, he coordinate the Just Transition Fund and is responsible for the development of policy papers and guidance on smart and green growth for regional policy. Previously he has been Principal Advisor on International relations for DG REGIO and Head of Cabinet for Commissioner Corina Cretu. He has been Director for Inclusive growth, urban and territorial development in DG REGIO.

President of Czech Employers’ Association of Mining and Oil Industries (ZSDNP). He was Vice Chairman of the Board at ČEZ Distribuce and responsible for foreign affairs at Severoceská doly a.s. (ignite mining subsidiary - ČEZ Group).

He has held various managerial positions in energy and transport industries. Since 2014, he has served as Vice Chairman of UNECE Group of Experts for Cleaner Electricity Production from Fossil Fuels. Appointed in 1995 as Transport Minister in the first Czech government. Serving since 2021 as EURACOAL President, in 2020 he was elected Vice President of the Czech Conf. of Employers’ and Businesses’ Unions (KZPS).

VGB PowerTech e.V. is the International Association of energy asset operators. Under the new brand vgb energy the association founded in 1920 is covering all aspects of the future energy system with a specific focus on RES and hydrogen. Before joining VGB Oliver has worked for several years at RWE in different export and management functions around power plant operations and projects. He studied Mechanical Engineering at the Ruhr-University Bochum and the Technical University Aachen.
Debo ADAMS
Studies Manager
International Centre for Sustainable Carbon

Debo has more than 30 years' experience of researching and analysing developments in the coal and wider energy sector. She is currently responsible for the selection, management and editing of the ICSC's programme of studies. She has written reports on a range of subjects including energy efficiency, carbon capture and biomass sustainability.

Master Industrial Electronics and Control Techniques, PhD Industrial Process Engineering (Technical University Vienna). Start up Engineer Power Plants, Power Plant Manager, Head of Power Generation Division (Fossil Generation, Hydro, Renewables) including International Companies, for 40 years at EVN. Austrian Delegate at IEA Clean Coal Center (10 years as Chair), Austrian Delegate in EC Expert Committees (eg RFCS Co-Advisory Group), Consultant for Energy Items to different international Companies (VGB, VPC, World Bank).

Adolf AUMÜLLER
Consultant
VGBE

His research interests are focused on the application of heterogeneous catalysis and chemical reactors technology to different environmental problems, as well as the development of processes based on sustainable or renewable raw materials (biomass and wastes, unconventional methane resources, etc.). He is the author of more than 210 scientific articles published in international journals (JCR-indexed journals) and five patents. From 2019 he is collaborator of the Spanish Research Agency, and Spanish representative in the Board of the European Federation of Catalysis Societies.

Salvador ORDONÉZ
Full Professor of Chem. & Environ. Engineering
University of Oviedo

Mining Engineer with an MSc in Energy and Environmental Management and a PhD in mining engineering. Since 1991 he has been working for the Public Power Corporation of Greece in many engineering, environmental, and energy economics fields and research projects. For about 20 years, he has taught mining engineering, mineral economics, and project management courses at Universities. He is the author or co-author of more than 120 papers in scientific journals and international conferences.

Christos ROUMPOS
Director of Mining Engineering and Closure Planning
Department Public Power Corporation - Greece

A specialist in risk assessment and Occupational Health and Safety in mines, working at the Department of Extraction Technologies, Rockburst and Risk Assessment at GIG. She chairs the EURACOAL's Technical Research Committee and is a member of the EC Advisory Group for Coal (CAG). A lecturer in Risk Management at the University of Oviedo (Spain), has also participated in 12 European funded projects, both as a member team and as a coordinator.

Alicja KRZEMIEN
Professor, Central Mining Institute (GIG), Katowice, Poland

She graduated University of Wroclaw and Wroclaw University of Technology. Since more than fifteen years associated with "Poltegor-Institute". As part of her professional activity she deals with the issues of post-mining areas reclamation and revaluation as well as renewable energy sources development, energy efficiency improvement and waste heat management. Coordinator of several RFCS and EU founded projects. Author and co-author of several dozen scientific articles. Currently deputy head of "Poltegor-Institute".

Barbara ROGOSZ
Poltegor-Institute

...
Juergen KARL
Friedrich-Alexander University of Erlangen-Nürnberg (FAU), Germany

Nicolas KOUKOUZAS
Detached National Expert, DG Energy, EC

Liam McHUGH
Director of Policy and Government Affairs, World Coal Association

Tomasz ROGALA
Chair of the Board, Polska Grupa Górnictza S.A., Poland

Tilman BECHTOLD
Vice President, Head of R&D, RWE Power AG

Ludmila SARBU
Project Adviser & Call Coordinator REA

---

Officer, Detached National Expert in the European Commission, Director General for Energy and Director of Research in the Centre for Research and Technology (CERTH). Dr Koukouzas holds a PhD in Industrial Mineralogy from the UK and has over 27 years of experience in energy and the environment. He has over 250 publications, 2700 citations and is a member of various Editorial Boards in International Journals and University Boards. Dr Koukouzas has extensively participated in the RFCS Programme over the last 20 years.

Liam leads the WCA’s advocacy work with a particular focus on energy poverty, sustainable development, and climate change. He regularly attends United Nations climate and development negotiations on behalf of the coal industry and has spoken in a number of forums on the importance of low-emission technology in meeting global energy and environmental objectives. In addition, Liam holds advisory roles to the International Energy Agency and Department of Energy (US).

Senior Vice President of Eurocoal (European Association for Coal and Lignite) and Chairman of the Board at Polska Grupa Górnictza S.A. (PGE – Polish Mining Group), the largest hard coal producer in Europe, with an annual output of around 30 million tonnes from nine mines. He is a graduate of the Faculty of Law and Administration at the University of Gdansk where he specialised in financial law. He also completed postgraduate studies in EU law at the Faculty of Law of the Jagiellonian University in Krakow and in business management at the University of Economics in Katowice.

Mr Bechthold holds degrees in Process Engineering and Business Administration and has been working in the energy industry in Germany, Portugal and South Africa for 30 years. He is member of the Coal Advisory Group of RFCS, member of the Executive Committee of IEAGHG, chairman of the Scientific Advisory Board and member of the Board of VGB Energy and member of the Board of DGMK (German scientific association for sustainable energy, mobility and carbon cycles).

Project Adviser and Call Coordinator of the RFCS annual calls for proposals in European Research Executive Agency since 2021, previously in the European Commission, DG Research & Innovation since 2019. Previous to EU institutions, more than 10 years of professional experience in France mostly in the private sector on Quality Assurance and Quality Management, but also academic research, Degree of Master in Engineering (Institut National des Sciences Appliquées, Lyon) and Mater in Quality Management of Organisations (Université Claude Bernard, Lyon).
**Chris BOLESTA**  
Policy Officer, DG ENER, EC  

Chris Bolesta is the CCUS policy team leader at DG Energy (European Commission). He co-authored the CCS Communication advocating for the deployment of large-scale demonstration projects and drafted part of the 2008 European Recovery Package assigning €1 billion to CCS projects. Between 2012 and 2015, he advised two Polish environment and climate ministers, as well as the COP19 President. He is a co-founder and a former vice-president of the Polish E-mobility Foundation – an NGO. Experienced speaker and moderator.

---

**Brian RICKETTS**  
Secretary General, EURACOAL  

MVMchE joined Atoem SA in 1987 as responsible for dynamic modeling of power systems. In 1997, he moved to UK Coal plc as a project engineer to work on a new integrated gasification combined cycle (IGCC) coal power plant. His work included political lobbying. In 2005, he joined the International Energy Agency as a coal analyst, working in the Energy Markets and Security Directorate, spending time in China to co-author the IEA’s Chinese Coal in China publication. In 2010, he was appointed Secretary-General of EURACOAL – the European Association for Coal and Lignite. He has a bachelor’s degree in mechanical engineering and a master’s degree in business administration.

---

**Jan BONDARUK**  
Deputy Director for Environmental Engineering, Główny Instytut Górnictwa GIG, Poland  

Deputy Director for Environmental Engineering in GIG. Expert in the field of environmental engineering, sustainable development, energy transformation, implementation of eco-innovation, environmental protection programming and management, water and wastewater management, development of urban areas and practical implementation of circular economy principles. Expert in the field of regional transition, participated in works related to support to the preparation of national and territorial just transition plans in Poland.

---

**Magdalena CHAWULA KOSURI**  
Adviser on Just Transition, World Bank, Poland  

Senior expert on Energy Transition, Regional Development; Coal Regions in Transition with strong interest in Change Management Process. Extensive experience in international environment, cooperating with experts, senior officials and decision makers. High degree of initiative, proven commitment to achieving goals and appreciation for challenging tasks in designated time frames.

---

**Rumyana GROZEVA**  
Executive Director, Stara Zagora Regional Economic  

She holds a PhD in Economics from the Institute for Economic Research of the Bulgarian Academy of Sciences. Her doctorate is focused on the sustainable regional development and projects, related to that. She has 7 years of experience in public administration at national level. Since 2008 she has been the Executive Director of SZ REDA. Since 2018 she is a Project Manager of DE Carb project. Since 2021 she has been the Coordinating Manager of the European Innovation Hub Zagora. She is a lecturer at Sofia University and Trakia University.

---

**Andrea GENTILI**  
Deputy Head of the Unit “Low Emission Future Industries” DG RTD, EC  

The unit is in charge of the European research and innovation activities in aviation, waterborne and coal&steel industries. From 2016 to 2019, he acted as Deputy Head of the Unit “Aviation” in charge of the Clean Sky European research-public-private partnership. From 2011 to 2016, he acted as Deputy Head of the Unit “Advanced Manufacturing Systems and Biotechnologies” and he has been strongly involved in the setting up of the contractual Public-Private Partnerships within Horizon 2020.
