**Personal data processed:**

The processing of your data is necessary for the recruitment of seconded EU officials from the EC in order to fill the appropriate vacant posts in REA.

The processing operation encompasses the engagement and management of career events during their secondment at REA.

The main steps of the selection procedure are:

A. Request for publication of the post to DG HR/Parent DG;
B. Selection by the Parent DG;
C. Once the post is published, the candidates/officials will be selected through the procedure established by DG HR;
D. Recruitment procedure by REA as TA 2a.

The process of secondment commences with the decision taken by the EU services following selection procedure organised by the EC. REA does not process data in relation to the selection procedure which is the sole decision of the EC.

Following the decision of the Commission to second the official, REA receives the Transfer Act and Nomination (PMO receives the information via ARES at the same time as REA), this will contain:

REA prepares the TA 2a contract and encodes the seconded official’s career at REA in RETO and SYSPER.

The seconded official is reserved in the RETO database and then the post is assigned in SYSPER. The job description for the seconded official is linked to the post in REA. Due to the ‘double career’ of the seconded official, they receive a mirror post at REA with a separate SYSPER number. The personal number remains unchanged. No other data is modified in SYSPER by REA.

The TA 2a contract with REA will be signed by the seconded official and the REA Director acting as Authority Empowered to Conclude Contracts, AECC, via ARES. In the event that the REA Director decides to appoint a seconded official in a management position, REA will prepare the Nomination Act (including the official’s name and affectation), encode the data in SYSPER and inform PMO of the change in the career with the impact in the allowances.
